Dixon, IL – The Illinois Department of Transportation announces today that traffic patterns will be changed at the construction project on IL 2 at Roscoe Road south of Rockton on Monday, September 28, 2015.

IL 2 traffic will be switched to the new pavement and Roscoe Road east of IL 2 will be open to traffic. Roscoe Road west of IL 2 will be closed as approximately ¼ mile of the Roscoe Road pavement will be removed and replaced.

The work is part of the \$5.9 million project to reconstruct the intersection to improve sight distance and add turn lanes. Rock Road Companies is the contractor for the intersection safety improvement that is scheduled to be completed by mid-November.

Motorists should continue to be alert for slow moving construction vehicles and for flaggers who will be directing traffic in the area.

Please slow down and use extreme caution while driving through all work zones.
